

Laminar Air Flow Cabinet

offers advance technology of high performance horizontal and vertical laminar air flow system provide clean air, double filtration of air removes dust particles. It is ideally suitable for various laboratories of College, Hospital , Industrials, research and Scientific Institutions.

Salient Features:

- * Ergonomic Design
- * Versatile Usage
- * Low Noise
- * Vibration Less
- * Stainless steel Working table

HORIZONTAL UNIT

Filter Assembly

All our laminar air flows are fitted with fully washable synthetic pre-filter units and secondary high efficiency perfect air filters made of mini pleated non woven fabric. The efficiency of our filters have a rating better than 99.99% at DOP (cold) and 99.97% at DOP (Hot). Our units have the capacity to hold all suspended particles of size > 0.3 micron.

Front door open system with counter weight mechanism

Illumination

All the units are provided with adequate illumination at the work table by means of fluorescent lights panel concealed at the upper portion of the unit. This light arrangement conforms to the guidelines laid down in US federal standard . The illumination at the work table is approx > 800 lux

Body Construction

- M.S (Power Coted)
- GI (Galvanized steel)
- S.S (Complete Unit)

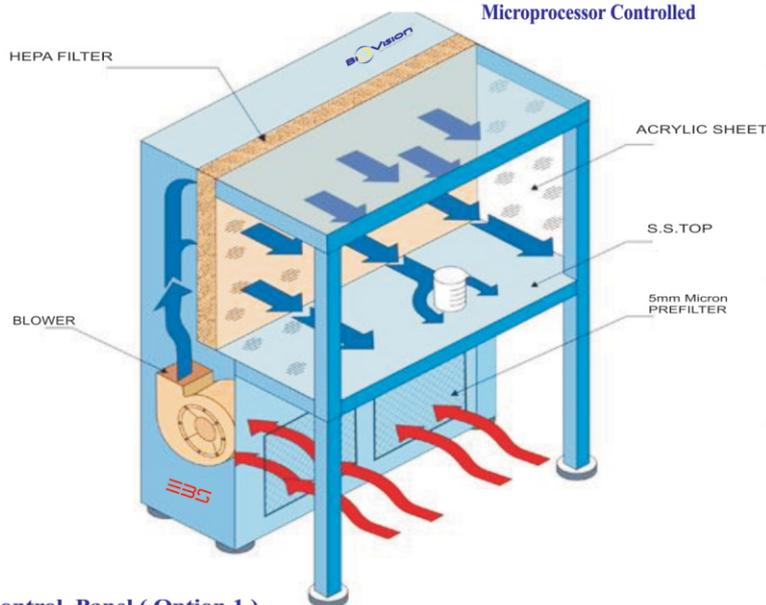

VERTICAL UNIT

Ultra Violet Light

Optimal wattage ultra violet light is incorporated in the illumination panel of our laminar air flow to take care of the sterilization of the existing air present in the enclosure, thus ensuring the high standard of cleanliness in our equipment before the commencement of actual working.

Working Principal of Laminar Air Flow

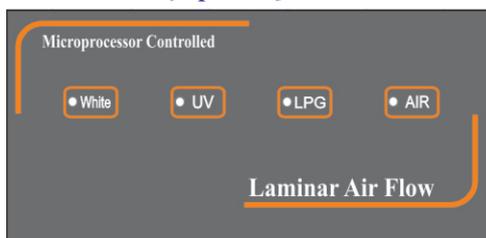

Microprocessor Controlled

BLH - HORIZONTAL UNIT, BLV - VERTICAL UNIT

MODEL	Size of HEPA Filter	Ex. Dimension (W x D x H)
BLH - 1SS	2' x 2'	28" x 40" x 60' ½ "
BLH - 2SS	3' x 2'	40" x 40" x 60' ½ "
BLH - 3SS	4' x 2'	52" x 40" x 60' ½ "
BLH - 4SS	5' x 2'	75" x 40" x 60' ½ "
BLV - 1SS	2' x 2'	28" x 28" x 80"
BLV - 2SS	3' x 2'	40" x 28" x 80"
BLV - 3SS	4' x 2'	52" x 28" x 80"
BLV - 4SS	5' x 2'	75" x 28" x 80"
